CANVAS PRINTS

Liven up your interior and shift the energy in your space with Maison by Rapee's brand new collection of canvas prints.

Beautiful hand-painted motifs of native flora and tropical foliage have been carefully selected for this unique range, which is finished with either a white or a wooden frame to complement the design.

Opt for a piece with hues that tie your room together, or make a statement with something that will stand out in an otherwise neutral-heavy décor.

The pre-attached hanging wire makes it easy to hang the canvas in just one simple step, meaning your new piece of art will be installed in no time.
